About

Sitting Pretty is a event styling business specialising in chair decor and was established in 2015 by myself Marie Scott.

With over ten years experience in the creative industry I decided to take a bit of time out to spend with my family and through planning my own wedding the perfect opportunity arose to start Sitting Pretty.

With a vast array of colour options and hire items readily available, we can create your day to suit you all whilst adding our own unique touch and flair for exceptional styling. Our aim is to guide and work with you to help you achieve your perfect day.

We make sure each wedding and event are completely unique to you and provide a stress free service all with that signature touch. So whether it's just chair styling or you would like the full styling package we would love to discuss your ideas.
